The rabbit opened the door with his hand trembling .. He turned back, his eyes were full of tears .. Then with one jump he came out of the house shouting :  
- I will return, my children .. I will return  
and bring you the most delicious food, Allah willing !

But the eight children cried out at once while weeping :  
Daaad !!!!

The father rabbit folded his long ears so that he would not feel the bitterness of parting, and began to cross the ground with his leaps , one by one .

He crossed the plain and the meadow .. escaped from the eyes of the eagles and jumped over the snakes ..he jumped over the bridge and passed under the branches..and finally bypassed the big green forest !

The wheel of days ran on the journey of the poor father, he returned again after a long time had passed since his departure .. he returned with his white coat, approaching his forest, which he loves, smiling while imagining how his children would receive him, and what the happy meeting will be after all those days !

Indeed, the rabbit reached the door of his house, he took a deep breath while contemplating his house tenderly, then he walked with quiet steps and got the key in..

But the noise of his children reached his ears, his face brightened for a moment before he realized that they were crying, so he quickly opened the door and entered to see the house in a sad state, everyone was in sadness and grief ...

He stood for a moment before shooting off like an arrow  
and embracing his eight children who cried out at once :  
- Dad is back !!!

He said to them anxiously :

- What's wrong with you, my love? .. why are you crying like  
that?.. I sent you a lot of money .. what happened? ... tell me !

The children looked at each other, then the eldest of them stood up and said in a hoarse voice :

- Dad , we don't want money !

then the second hare said :

-We want you with us every day !

The third said, wiping away his tears :

- You are our happiness .. without you, we felt lonely !

The fourth said while sobbing :  
- Do not leave us to others..  
you are the one who should guide us !

then the fifth said with a burning heart :  
-Your words are the most delicious food for us !

The sixth said in pain :  
- In your absence, the animals saw that we were weak .

# Don't Leave us, our dad

So the seventh said while weeping :

- Our enemies attacked us

And the eighth said in sorrow :

- Even our friends interfered in our affairs and corrupted our morals !

Finally the eight cried together :

- Do not leave us, our dad .. Allah ,the Merciful, has blessed us with you!!!

## Allah, the Merciful, has blessed us with you!

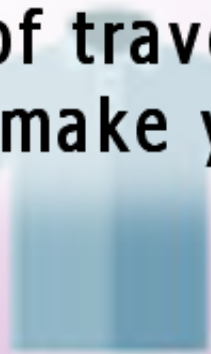

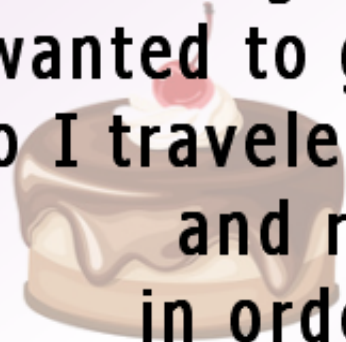

So the father rabbit cried  
and hugged his children, saying :

- Forgive me, my loved ones ..

I wanted to give you everything I could ..  
so I traveled and endured the hardships  
and risks of travel for you,  
in order to make you happy !

# For you

He was silent for a while, then added :

-I didn't know that I could make you happy with less than all this effort ..

Yes .. I also miss you and realized that your closeness is better than the world and all its money !

In one moment the father  
and his children cried happily :

- We pray to Allah that we never part  
after today.. and we will not leave  
our treasure for animals to steal it ..  
Family love is our true treasure !!!
